All patterns meet CA Bulletin 117-E.

Primary Application: Upholstery Seating.

### EXPLANATION OF ACT ICONS FOR UPHOLSTERY

#### FIRE RETARDANCY

Flammability testing determined as fabric's resistance to burning.

- **PASSES California 117**

#### COLORFASTNESS TO WET & DRY CROCKING

Colorfastness to wet & dry crocking refers to the rubbing off of color from the fabric onto clothing, hands, or other materials and can occur under wet or dry conditions.

- **PASSES AATCC 8-1974 Dry Crocking, Class 4 minimum; Wet Crocking, Class 3 minimum**

#### COLORFASTNESS TO LIGHT

Colorfastness to light is the degree to which fabric will retain its color when exposed to light.

- **PASSES AATCC 16A-1974 or AATCC 16E-1976 Class 4 minimum at 40 hours**

**NOTE:** Class 4 minimum at 60 hours is recommended for direct sunlight exposure situations.

#### PHYSICAL PROPERTIES

3 physical property tests include: brush pill test to determine a fabric's pilling, breaking/tearing strength is the ability of a fabric to withstand tension without breaking or tearing, Seam slippage is the pulling apart of fabrics at the seams.

- **PASSES**
  - Brush Pill: ASTM D3511, 3-4 minimum
  - Breaking Strength: ASTM D3597-01/662-64 (1979) 90 lbs. minimum in warp & weft
  - Seam Slippage: ASTM D3597-04/3-75 25 lbs. minimum in warp & weft.

For entire fabric collection, go to SpecAll at www.allseating.com

### ABRASION

Abrasion is the ability of a fabric to withstand damage from wear and rubbing. There is a general contract specification as well as a heavy duty specification.

- **a** General Contract: ASTM 3597 modified at 10 cotton duck, 15,000 double rubs Wyzenbeek Method
- **A** Heavy Duty: ASTM 3597 modified at 10 cotton duck, 30,000 double rubs Wyzenbeek Method or ASTM D4066 (with 21 oz. weight), 40,000 rubs Martindale Method

### CLEANING CODE DEFINITIONS

- **WS:** Clean with water-based cleaning agents, foam or spray, water-free solvents (detergents, Carbona, Remzett or other similar products). Vacuuming or light brushing is recommended to prevent dust and oil buildup.
- **W:** Water-based cleaning agents or foam may be used.
